The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of zerofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous containing longuithing, have been radically sting, have been radically

disorders, which were aggravated by the serofudisorders, which were aggravated by the serofudisorders, which were aggravated by the serofulfull one contamination until
they were painfully afflicting, have been radically
cared in such great numbers in almost every rection of the country, that the public scarcely need to
be informed of its virtues or uson.

Serofulous poissun is one of the most destructive
enemies of our race. Other, this unseen and unfelt
tenant of the organism universames the constitution,
and invites the attack of cufeebing or fatal diseases,
without exciting a suspicion of its presence. Again
it seems to breed lafection throughout the body, and
then, on some faverable occasion, againly develop
into one of other of its bideous forms, either on the
surface or among the virials. In the latter, tubercles may be suddenly deposited in the lungs or
heart, or tuacors formed in the liver, or it shows
its presence by cruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bettle of this Saraspartilla is advisable, even when no active symptoms of disease
appear. Pers ans afflicted with the following complaints generally find immediate relief, and, atlength, cure, by the use of this SARSAPARILLLAI St. Authoracy's Pirc. Rose or Experiences,

Sore Eyes, Sere Eurs, and other struttens or

Suphilis or Fraereal and Mercurial Diseases
are cured by it, though a long time is required for

But long continued use of this necliume will cure
the complaint. Furereal and minutely cured by its
